

YEAR 5 GIFT AMASSADORS VISIT LYNDON CROFT CARE CENTRE 10.09.25

The Year 5 GIFT Ambassadors enjoyed supporting the residents on their British Science Day where they helped them to make water fireworks. The children followed the instructions and got excited when the food colouring and oil were added to the water in the glass.

Regulating Professionals – Raising Standards – Improving Health

'I really enjoyed working with our friends in Lyndon Croft as they don't always have much fun stuff, so I like to see a smile on their faces when we work with them.'

'I enjoyed the science experiment and spent time talking to our friends.'

'I am really happy that we all had a good time together; it was better than watching television.'
