WELCOME

The Garden of Eden

The Garden of Eden was a place of peace, harmony, where all races of animals coexisted peacefully, where no flower was poisonous. Suffering was banished, and so was fatigue, illness, and pain. Death cannot enter the Garden of Eden, where the tree of life, among others, blooms.

Gardens of Eden

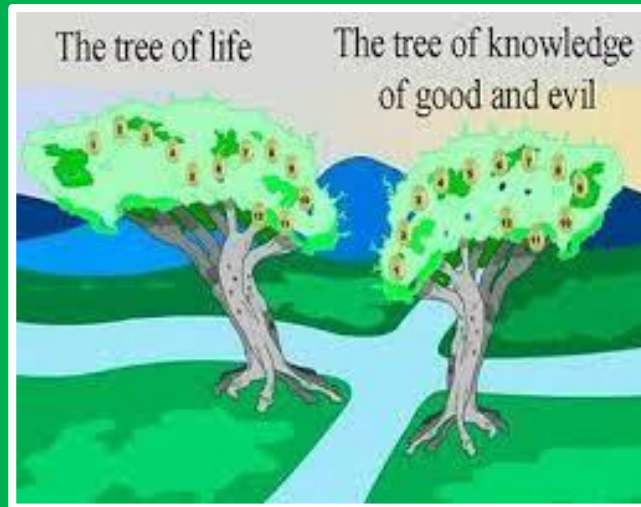

Today we will be making our own Garden of Eden.

We find the story in the first book of the Bible the Book of Genesis Chapter 2.

A reading from the Book of Genesis

Then the Lord God planted a garden in Eden, in the East, and there he put the man he had formed. He made all kinds of beautiful trees grow there and produce good fruit. In the middle of the garden stood the tree that gives life and the tree that gives knowledge of what is good and what is bad.

A stream flowed in Eden and watered the garden; beyond Eden it divided into four rivers. Pure gold is found in the first river and also rare perfume and precious stones.

Then the Lord God placed the man in the Garden of Eden to cultivate it and guard it. He told him, "You may eat the fruit of any tree in the garden, except the tree that gives knowledge of what is good and what is bad. You must not eat the fruit of that tree; if you do, you will die the same day."

Then the Lord God said, "It is not good for the man to live alone. I will make a suitable companion to help Him." So he took some soil from the ground and formed all the animals and all the birds. Then he brought them to the man to see what he would name them; and that is how they all got their names. So the man named all the birds and all the animals; but not one of them was a suitable companion to help him.

Then the Lord God made the man fall into a deep sleep, and while he was sleeping, he took out one of the man's ribs and closed up the flesh. He formed a woman out of the rib and brought her to him. Then the man said, "At last, here is one of my own kind—Bone taken from my bone, and flesh from my flesh. 'Woman' is her name because she was taken out of man."

The word of the Lord.
