Gathering Hymn

Peace is flowing like a river

flowing out through you and me,

spreading out into the desert

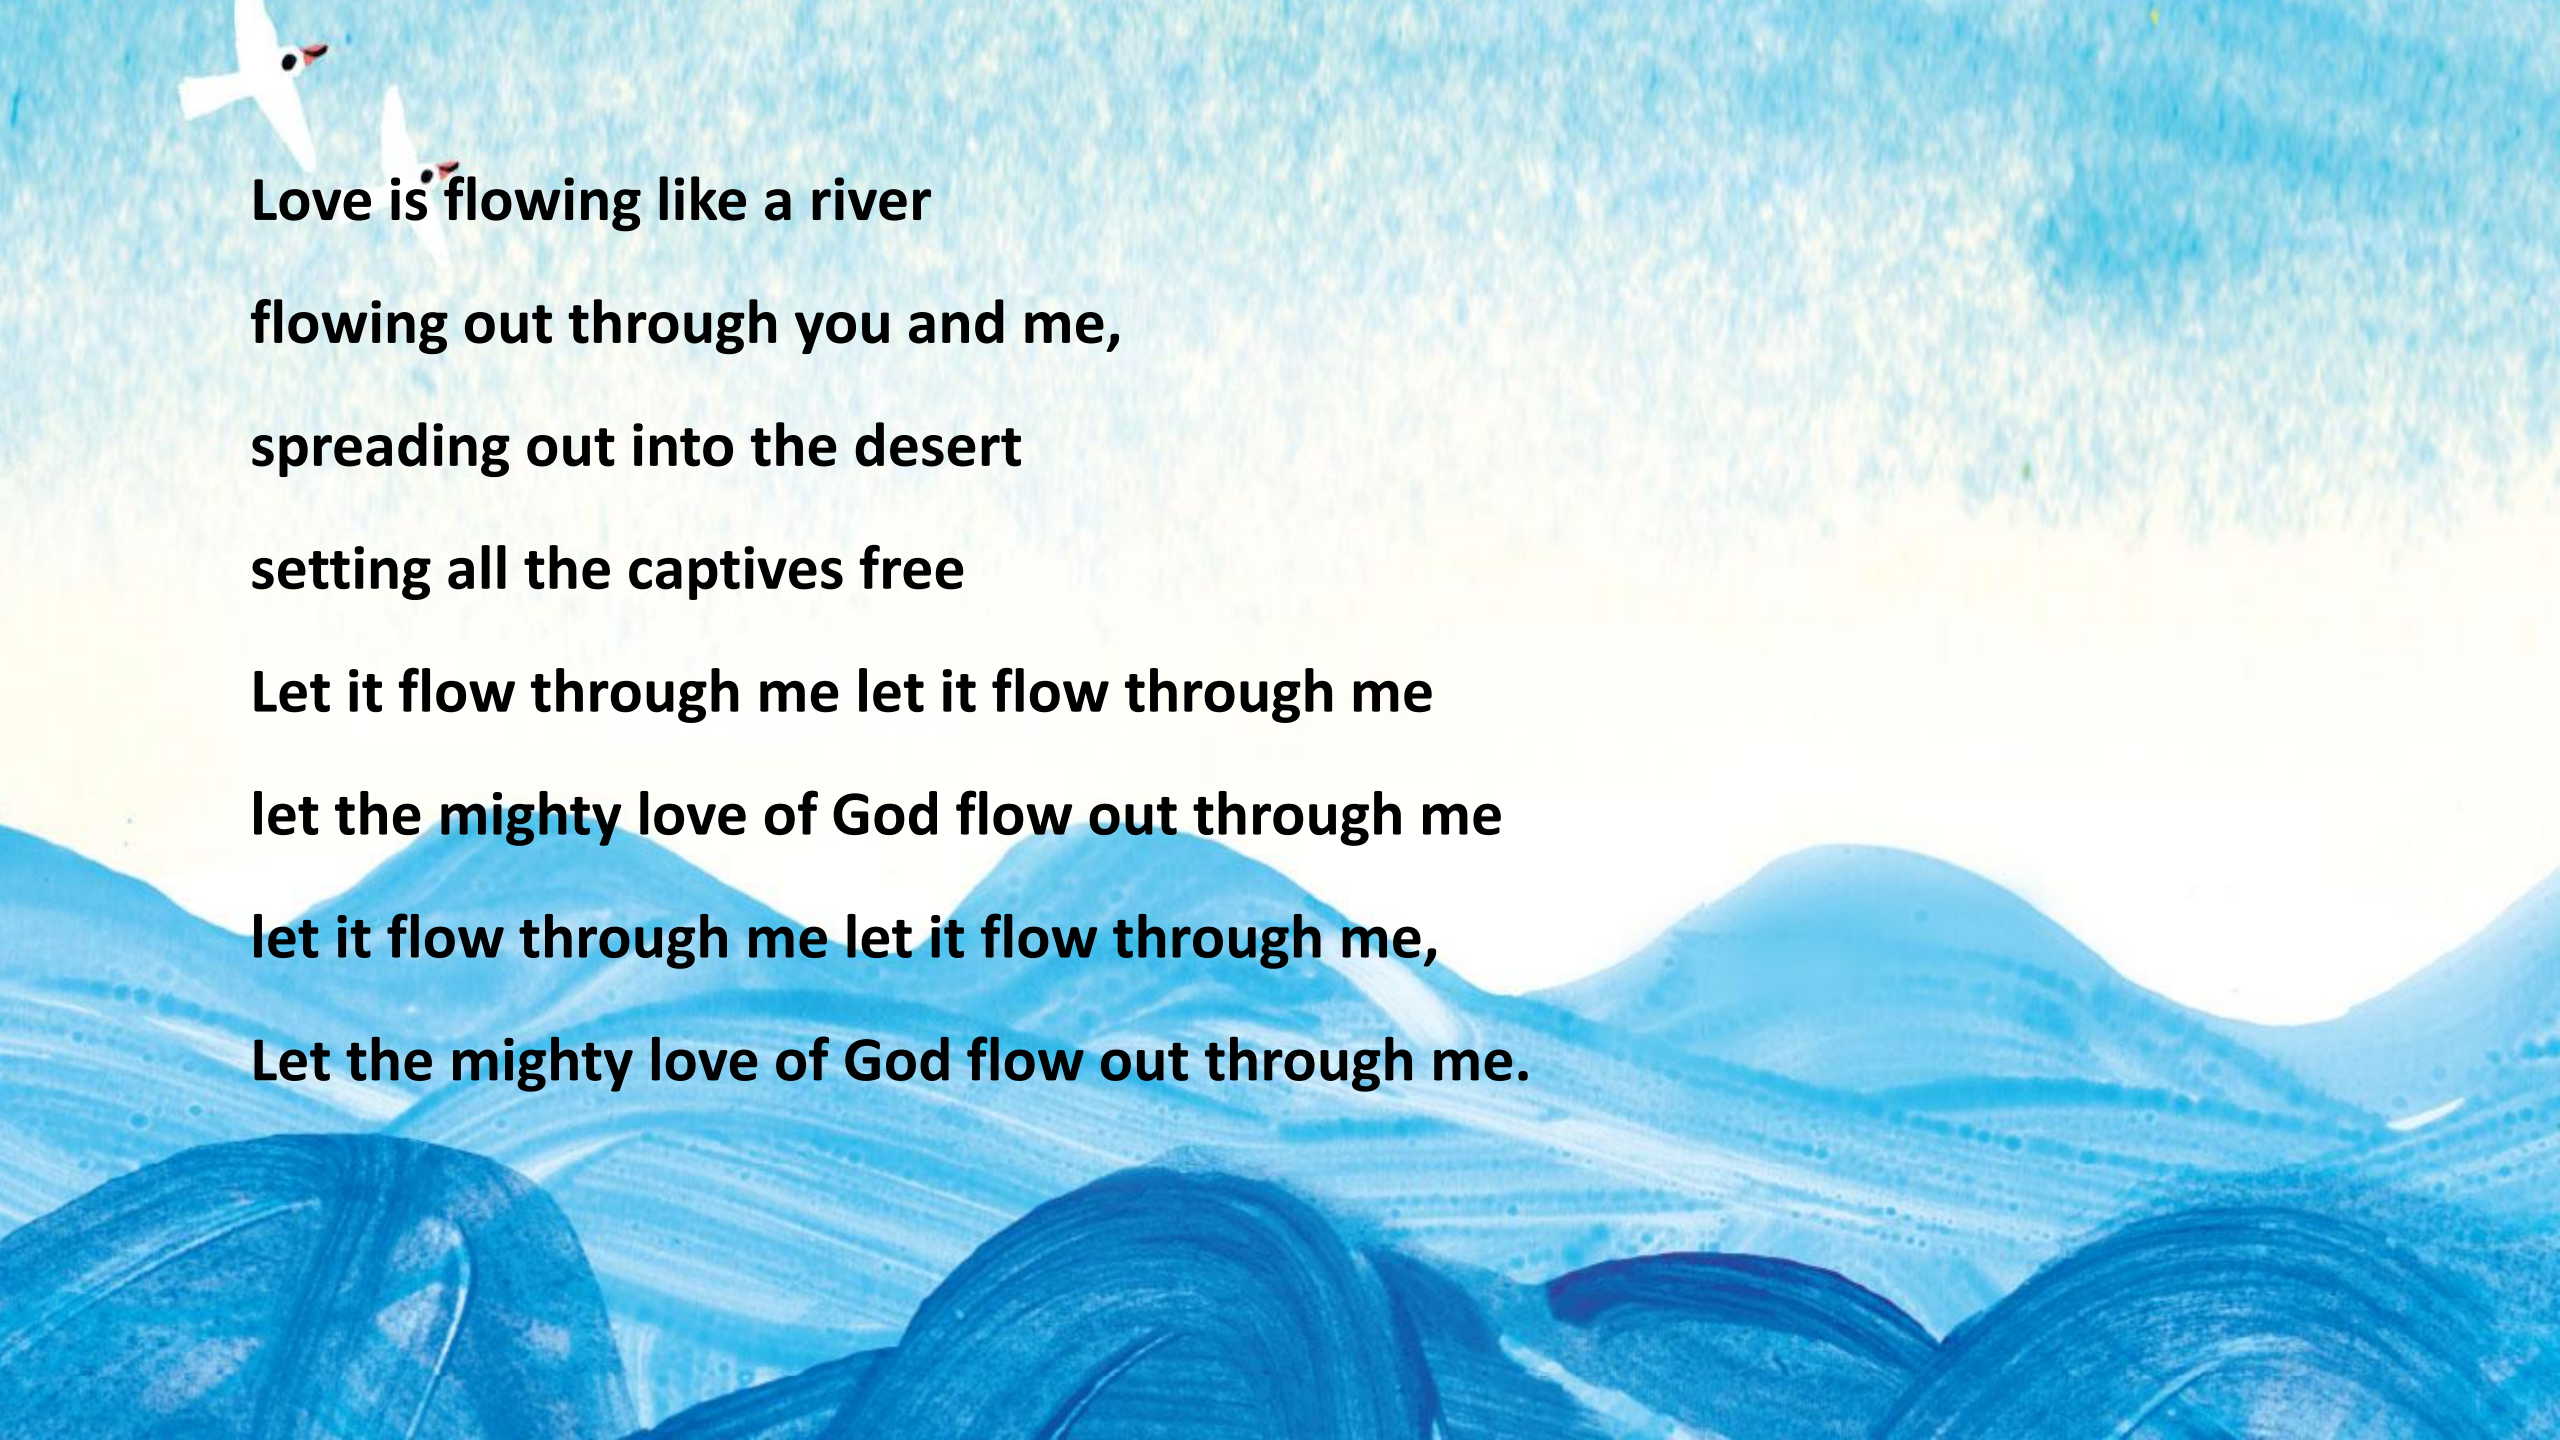

setting all the captives free

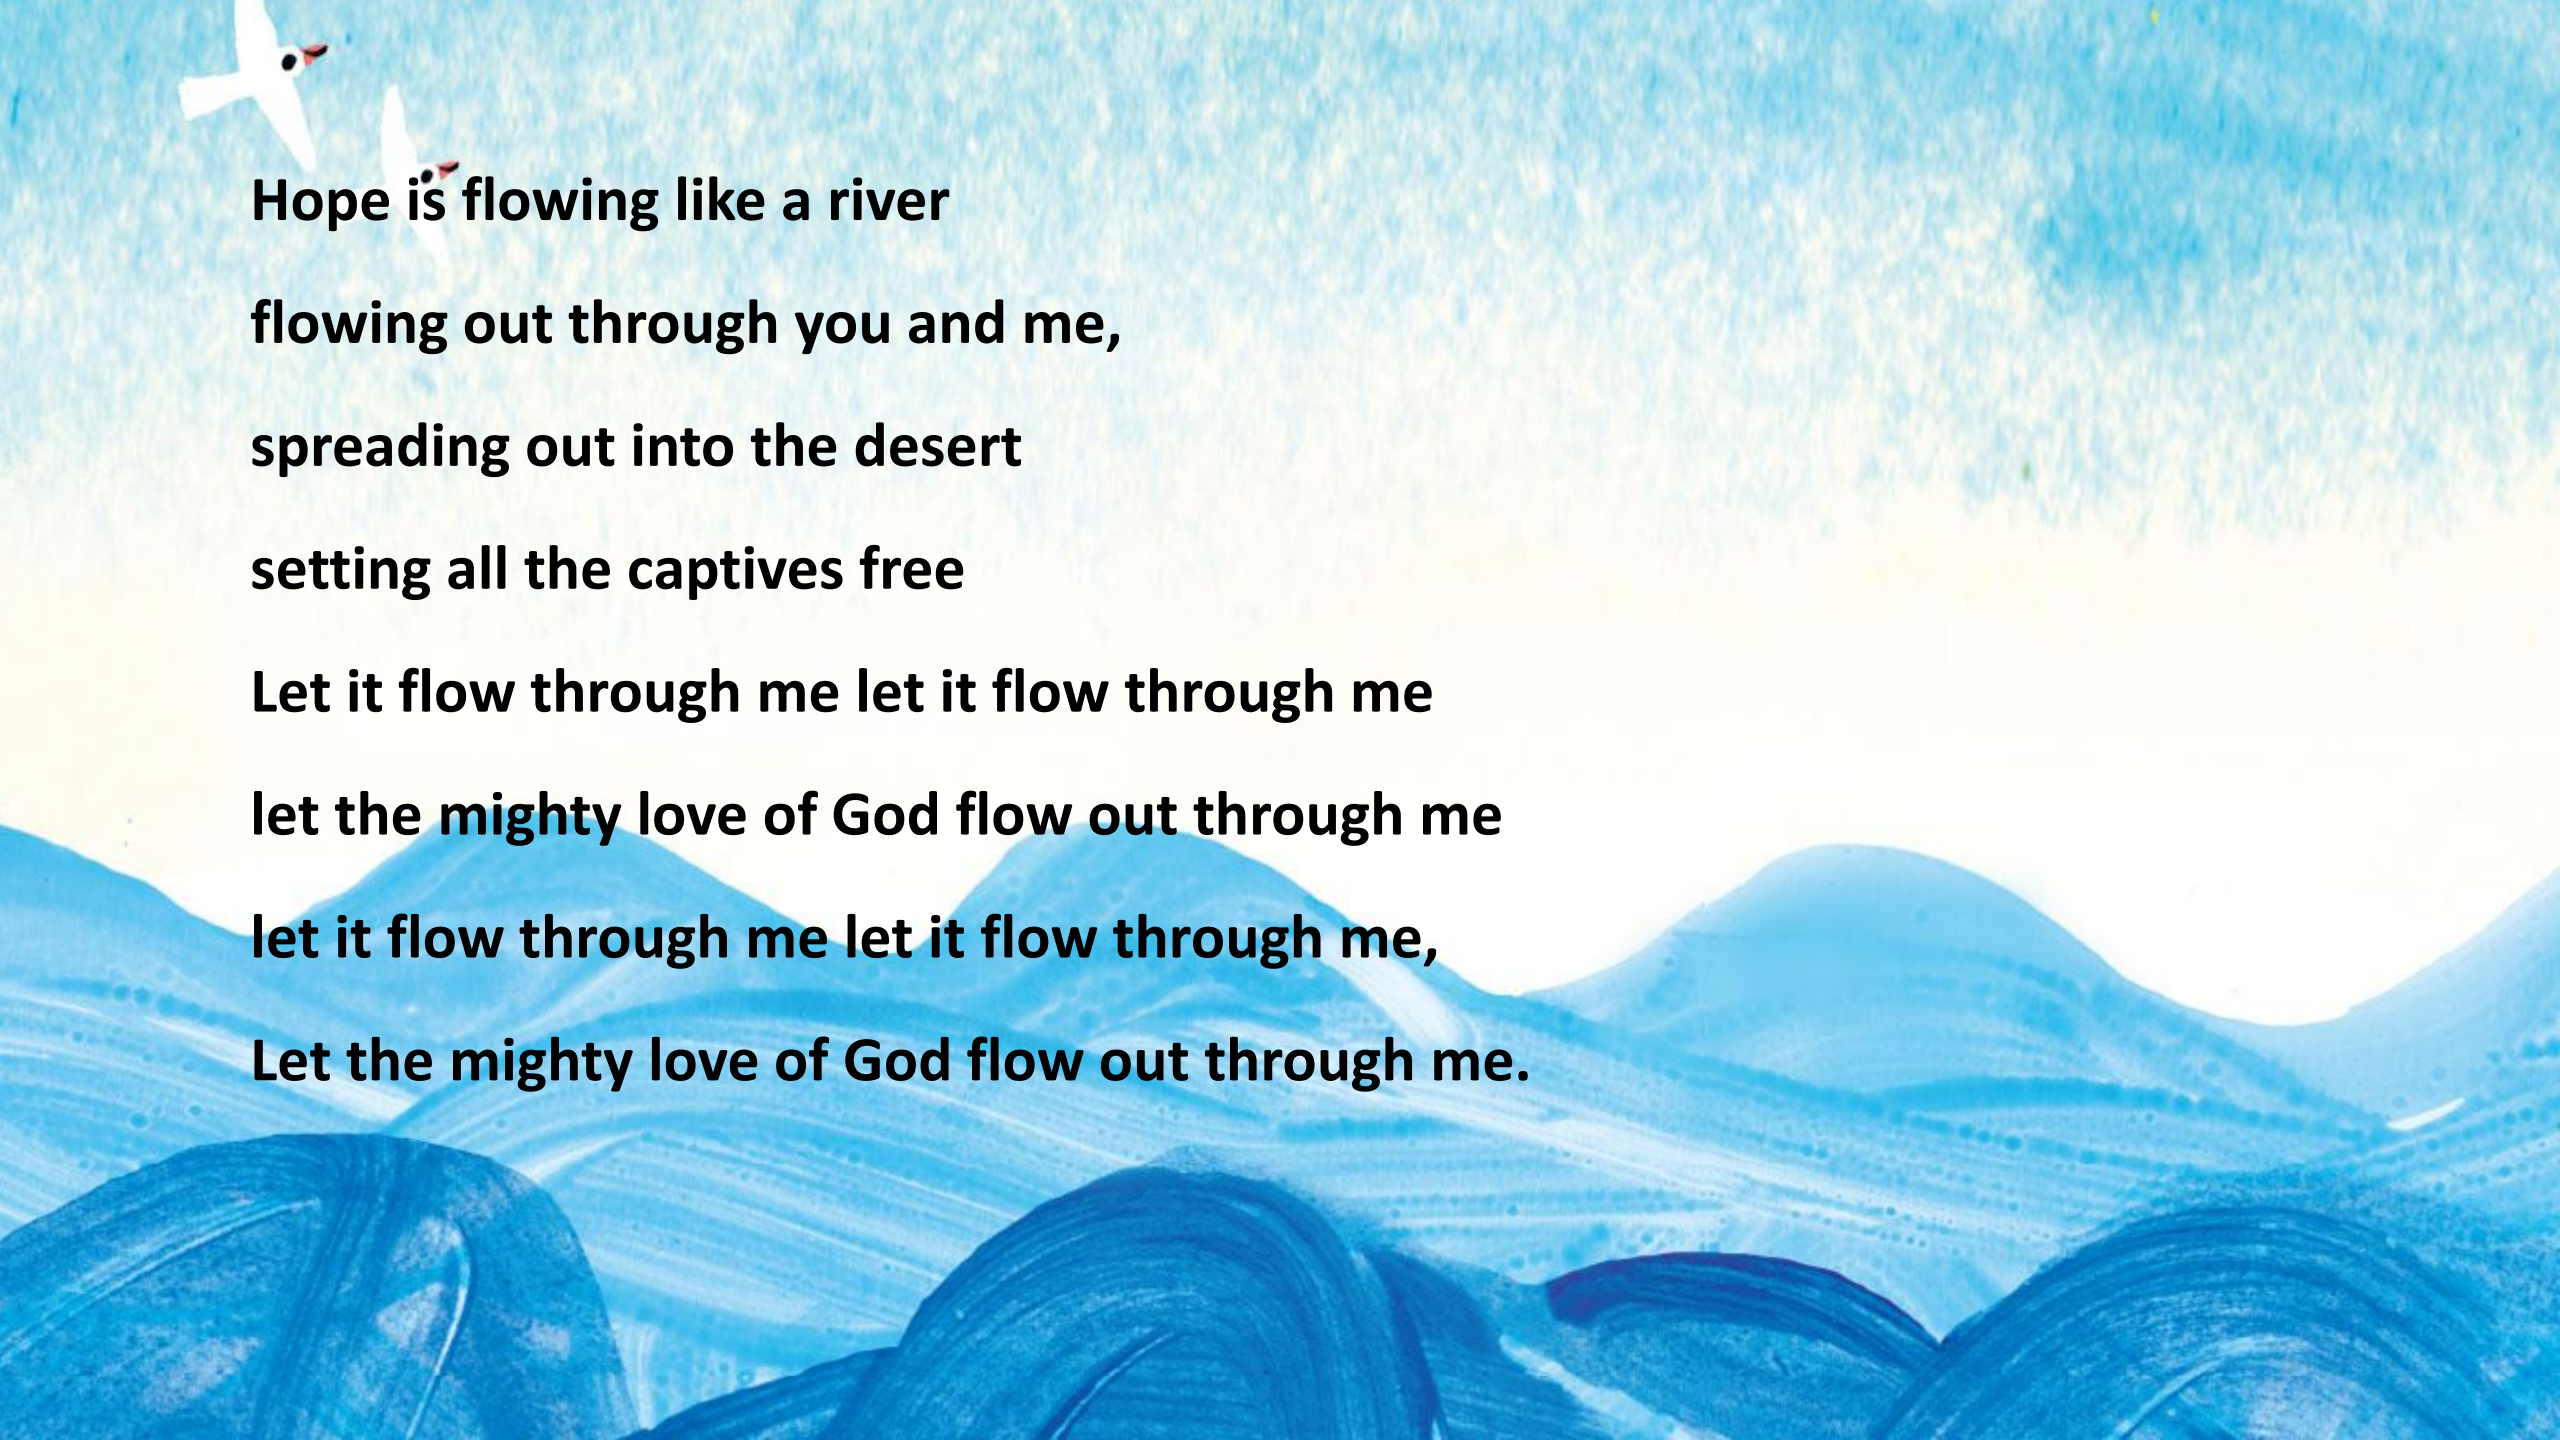

Let it flow through me let it flow through me

let the mighty love of God flow out through me

let it flow through me let it flow through me,

Let the mighty love of God flow out through me.

Love is flowing like a river
flowing out through you and me,
spreading out into the desert
setting all the captives free
Let it flow through me let it flow through me
let the mighty love of God flow out through me
let it flow through me let it flow through me,
Let the mighty love of God flow out through me.

Hope is flowing like a river

flowing out through you and me,

spreading out into the desert

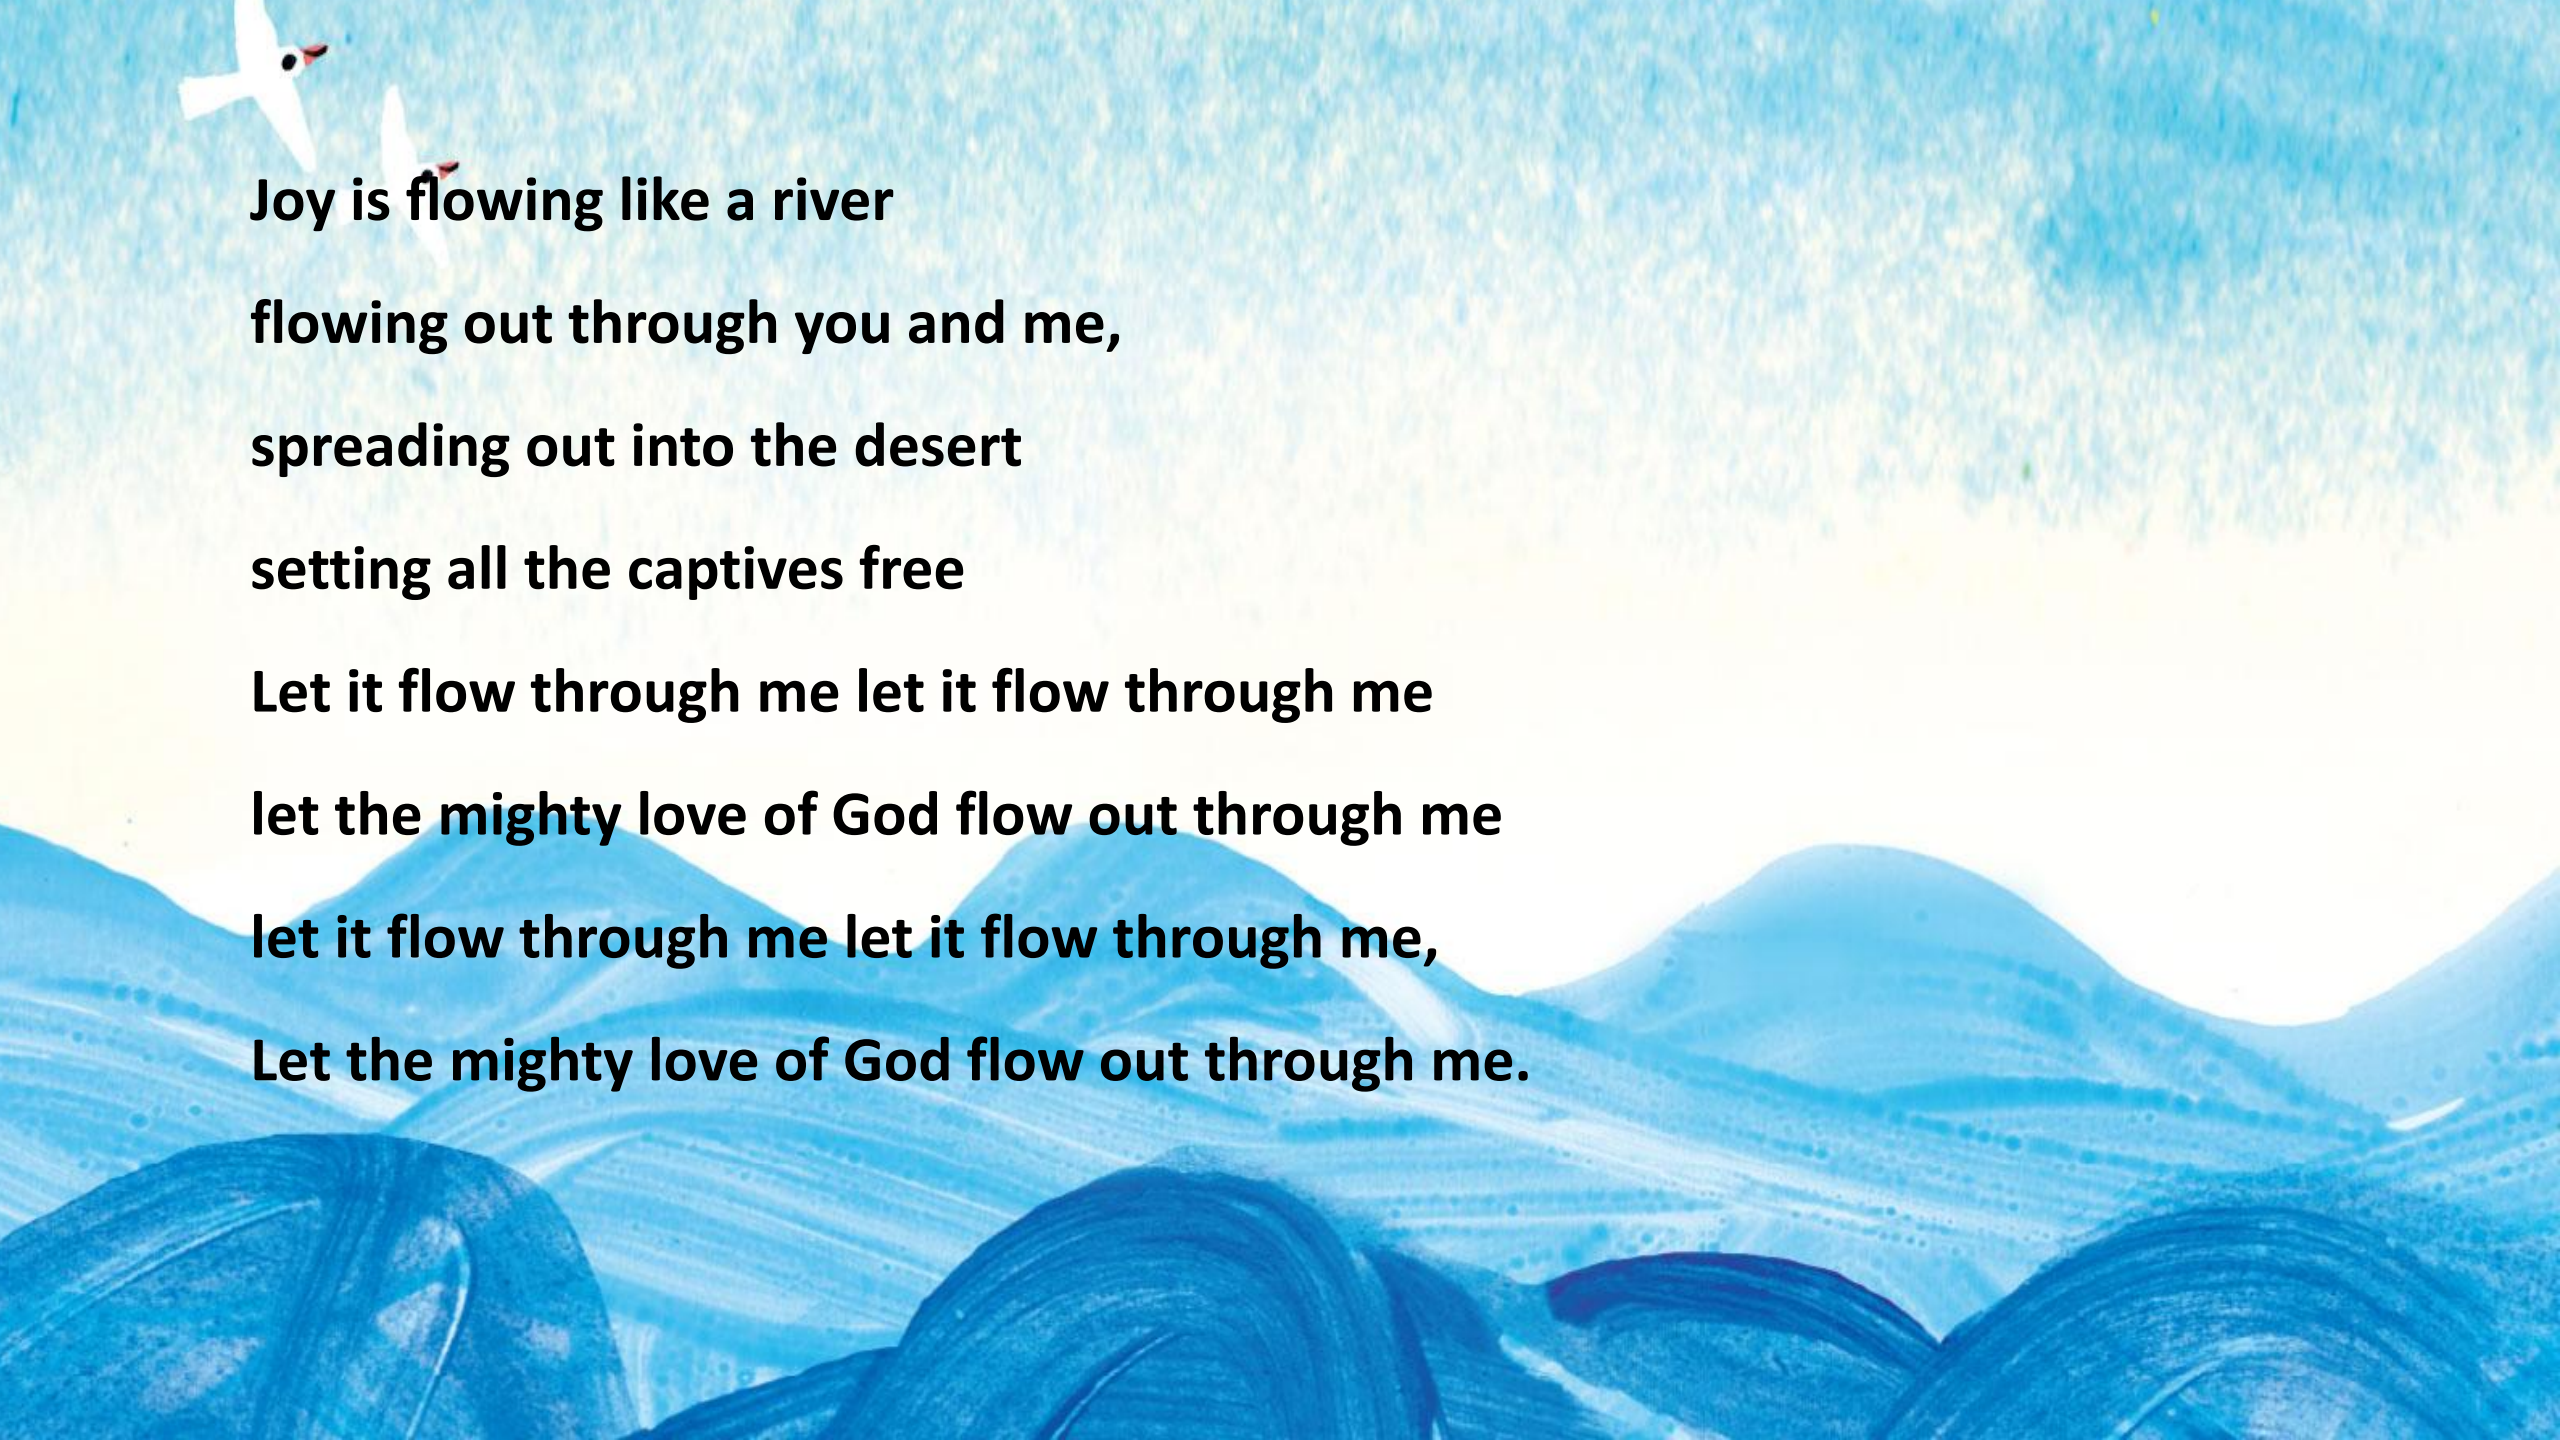

setting all the captives free

Let it flow through me let it flow through me

let the mighty love of God flow out through me

let it flow through me let it flow through me,

Let the mighty love of God flow out through me.

Joy is flowing like a river

flowing out through you and me,

spreading out into the desert

setting all the captives free

Let it flow through me let it flow through me

let the mighty love of God flow out through me

let it flow through me let it flow through me,

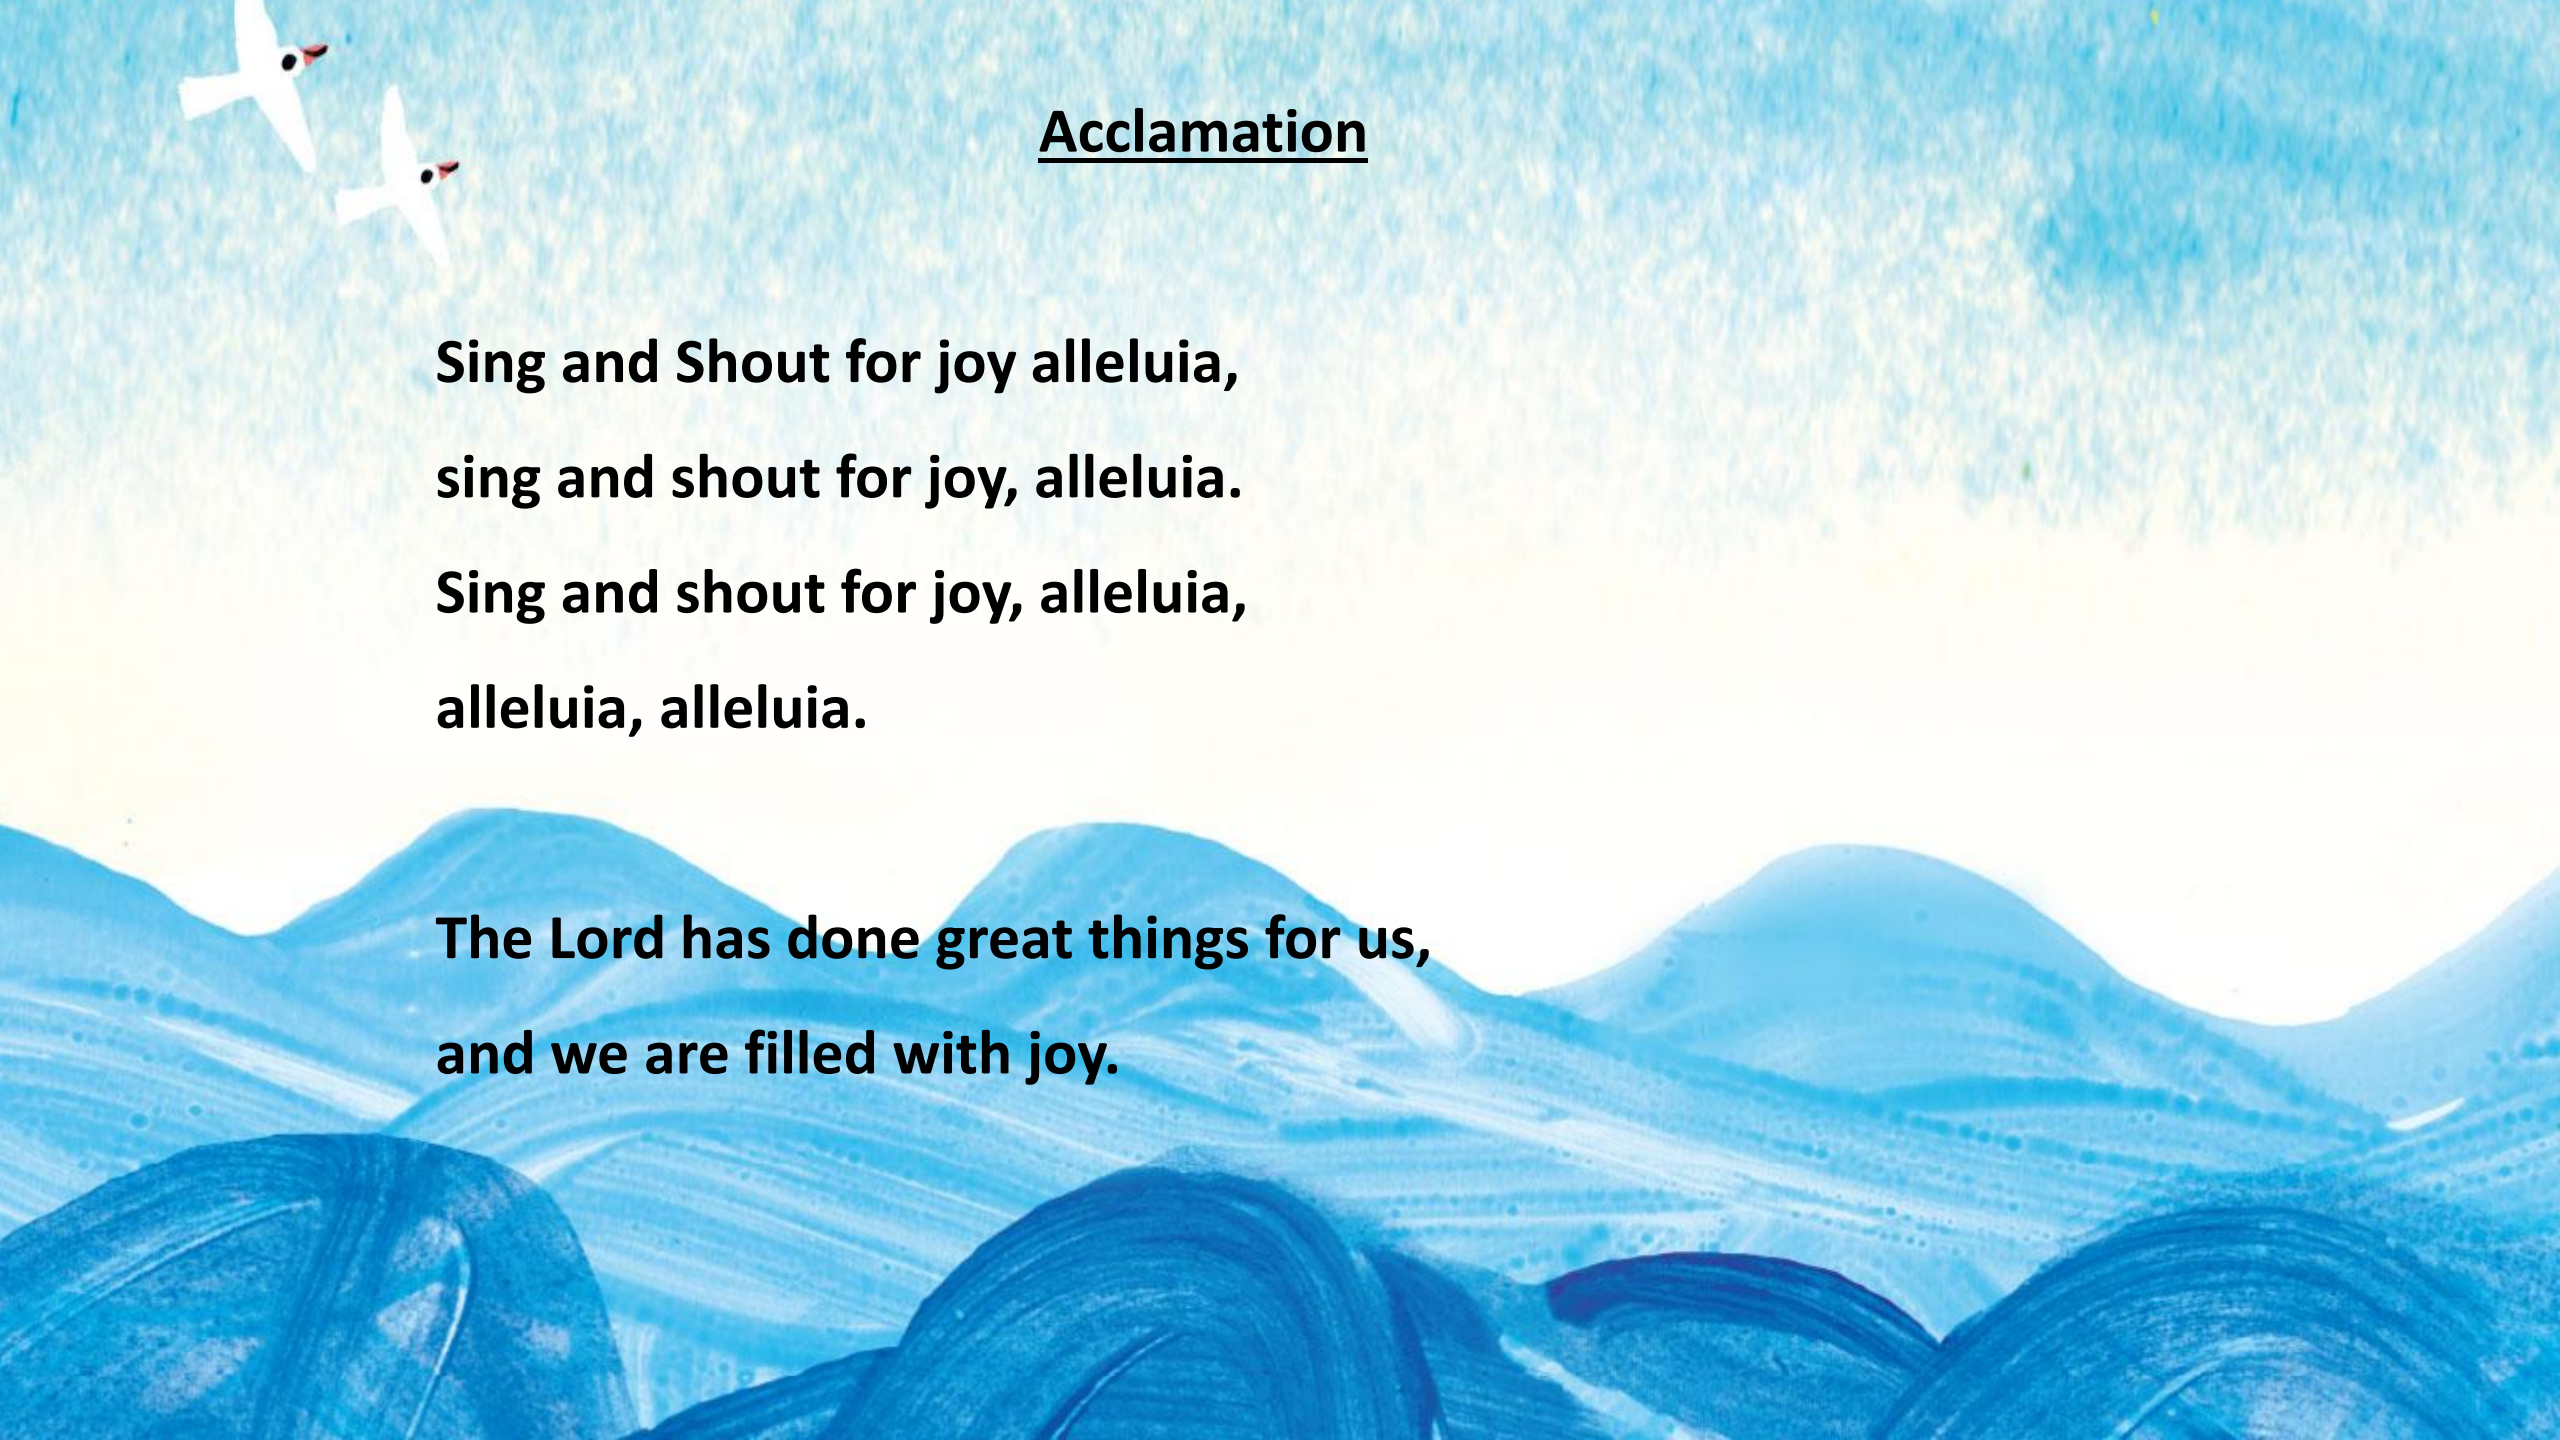

Let the mighty love of God flow out through me.

Saint Francis believed that everything was made by God was very good. He admired the great and wonderful things of the world; he told all the birds and animals to praise God. There are lots of stories about him talking to the animals and he is often pictured surrounded by animals.

When Saint Francis looked out of his cave and down to Assisi it was as if the whole of creation were spread out beneath his cave, and God's goodness rushed in upon him. He could only think that everything very good and beautiful comes from God.

We will now pray our Litany of Living Water

God created our world and filled it with wonderful gifts.

For the rain that falls from the sky, thank you, God, for the gift of water!

For the rivers that flow through our land, thank you, God, for the gift of water!

For the oceans, lakes and streams, thank you, God, for the gift of water!

For the water that helps flowers and trees to grow, thank you, God, for the gift of water!

For the water that animals need to drink, thank you, God, for the gift of water!

For the water we drink when we are thirsty, thank you, God, for the gift of water!

For water that helps us wash, clean and stay healthy, thank you, God, for the gift of water!

With God's help, we will care for water, care for people, and care for God's creation.

Creator God, we thank you for our wonderful world and everyone in it. Please help us to create a better world for future generations to enjoy.

Creator God, we thank you for the gift of water because if we did not have water none of us would be alive and we would not experience everything in our wonderful world.

God our creator, Spirit moving.

Living waters, love overflows

Creator God, we pray for people who desperately need clean water to drink.

May the leaders of our countries protect and help them.

Creator God, we pray for people who are starving because there hasn't been any rain in their country. May they get help so their crops can grow and they will survive.

God our creator, Spirit moving.

Living waters, love overflows.

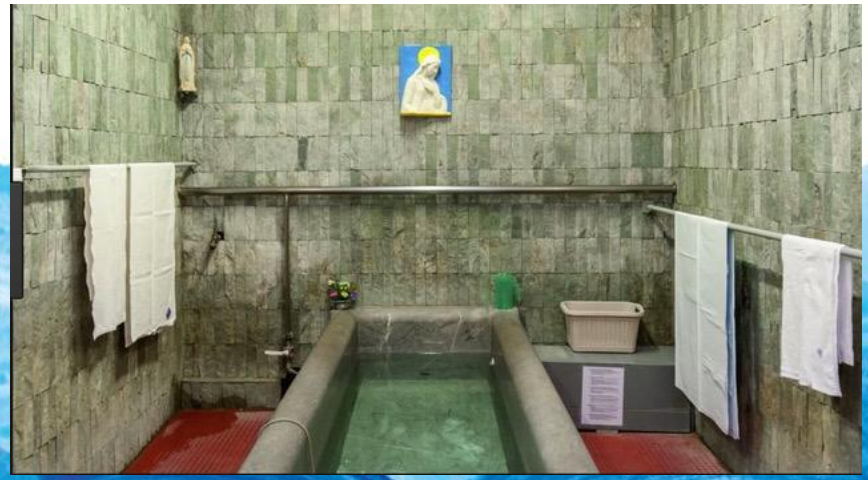

Creator God, please help people that do not have any drinking water and have to walk a long way to get water. May they soon have clean water.

Creator God, we pray for people who go to Lourdes in France to get better from bathing in the holy water and for the people who look after them.

God our creator, Spirit moving.

Living waters, love overflows.

Lord God,

we thirst for a world of justice – a world of peace and happiness.

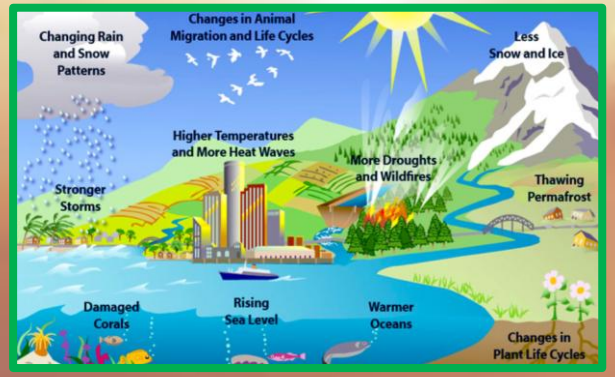

We thirst for people to be treated equally and fairly.

So, Lord, give us the gift of water: the water of life,

the water of forgiveness, the water that refreshes us

and gives us the energy we need to change our world.

Amen.

How can you help?

Don’t leave water running when you are washing the dishes.

Only half fill your drinking cup to avoid wasting water.

Wash your fruit in a bowl of water instead of running the tap.

Turn the tap off while you are brushing your teeth.

Wash your fruit in a bowl of water instead of running the tap.

it.

Wear your clothes again to reduce the washing machines water usage.

Our Mission today is to think about what we can do to help people who do not have clean water. Please bring into school any coins you can spare so we can send money to Cafod so they can provide more people with clean water.
